Next Generation Science Standards (NGSS Comprehensive): Science - Grade 2

NGSS.2-PS.
2-PS1.

PHYSICAL SCIENCE

Matter and its Interactions - Students who demonstrate understanding can:

2-PS1-1.

Plan and conduct an investigation to describe and classify different kinds of materials by their observable properties.

Correlations

[Matter](#)

2-PS1-2.

Analyze data obtained from testing different materials to determine which materials have the properties that are best suited for an intended purpose.

Correlations

[Matter](#)

2-PS1-3.

Make observations to construct an evidence-based account of how an object made of a small set of pieces can be disassembled and made into a new object.

Correlations

[Forces and Motion](#)

[Matter](#)

2-PS1-4.

Construct an argument with evidence that some changes caused by heating or cooling can be reversed and some cannot.
